

# Sshhhh

- What can legal systems do for us?
- What do we need to do?
  - URIs for legislation (granular references, location, time)
  - `skos:definition`
- **Example** <http://reference.data.gov.uk/id/day/2010-04-29>
- **Benefits**
  - Co-opting the legal system to supporting LOD
  - Reconnecting the web of documents to the web of data
